### ANNOUNCEMENT

By TOYSINBOX PEOPLE

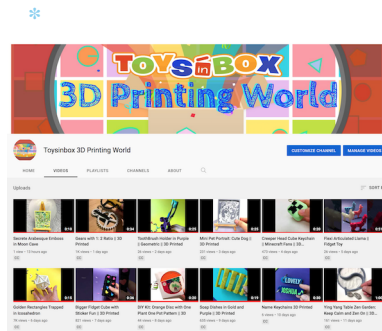

\* Happy Holidays! \*

Happy Holidays to y'all! Warm wishes from the Toysinbox team. ☺

**\* Holiday Season 3D Printing Show** For 2021, we have to pause our in-person Toysinbox Holiday Season 3D Printing shows due to the ongoing pandemic situation. However, we're bringing part of the 3D printing show exhibits online via our Youtube channel at **Toysinbox 3D Printing World**. During the holiday season, we're posting daily new less-than-one-minute short videos about the fun 3D prints we've designed and made. You can watch and replay the videos, giving you the time to digest and revisit our virtual show on your own schedule and from the comfort of your home. Of course, it's free and there's no admission fee. Right now, our

short videos already have 63,578 views, 16 short videos have over 1k views each, and our most watched short video has over 10k views. Are you ready for the fun? ☺

### \* Great News for Makers

We are launching a free file download website for 3D printing enthusiasts in January 2022! Thanks to Joshua's great work in making HelloMunchkin more accessible to all. We'll list more than 1000 name keychain 3D model files for free download. You can download the files to print out at your schools, libraries or at home. **The printing time is less than 30 mins, which is great for a 3D printing program or a 3D printing party or the coming holidays, and you may even want to start a small keychain business.** We'll announce the website on social media once we finish this project. Please follow us on social media to be the first to the know: **Youtube channel, Facebook page, Twitter, Instagram.**

Here are some of the preview keychains:
