ZERO DOLLARS

HELLO, I'M TOYSINBOX TIMES!

I am an Austin-originated newspaper sold at Toysinbox 3D Printing Store, Toysinbox.com, Toysinbox3DPrinting.com and Toysinbox events at zero dollars. I absolutely adore toys, crafts, books, fun activities, and ENTREPRENEURSHIP!

ANNOUNCEMENT

3D Printing Programs for Booking

3D Printing Exploration and 3D Print Your Name Keychain programs have been popular and enjoyed by audiences from the east coast to the west coast. We have formally resumed our in-person hostings and are now accepting in-person program bookings for the libraries/schools for Fall 2023!

Toysinbox 3D Printing has been hosting fun 3D printing programs and classes in libraries, schools, and corporation events since 2014. In-person hosting was paused during the pandemic. We're happy to resume our programs fully in Fall 2023, although we have already begun hosting physically for our repeat clients since late 2022.

For each program, we bring in seven 3D printers, related equipment, and materials. Toysinbox associates will give a short presentation about 3D printing. Then, the audience gets to try out our 3D printers to make colorful 3D prints to take home. Each program has special add-on activities to spice up the fun. Both programs are great for children and teens. Please get in touch with info@toysinbox.com for booking.

New Addition: Mini Music Shaker

Our 3D printing exploration program is a librarian's absolute favorite. Toysinbox associates always look for ways to improve the program by adding fun, exciting twists. This mini music shaker was just added to this program to expand the 3D printing fun.

Winning STL Patterns

We hosted a Facebook STL pattern free-sharing event in April. We presented our 2023 5-pattern package at this event and asked our followers to vote for their favorites. We pull all the votes together to get the top two choices. The lily pad and whale are the winners!

3D PRINTING FANTASY
