### FUN THINGS TO DO (14)

By J.Y.

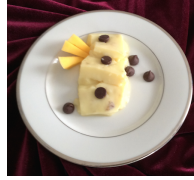

#### Making Custard

##### Ingredients:

- 2 cups of milk
- 2 eggs, beaten
- 1/4 cup white sugar
- 2 tsp of vanilla extract
- 2 pinches of nutmeg or cinnamon

##### Baking Process:

Preheat oven to 325°F. Whisk all ingredients together until completely combined. Pour custard mixture into a 9x9 inch square pan. Fill a 18x9 inch baking pan with water and place into the oven. Float the 9x9 inch pan onto of the water. This is a double boiler which will ensure that your custard will not burn in the oven. Bake in the preheated oven until the custard is set (about 1 hour). Cool completely. Cut a slice and enjoy!

This is a couple slices of custard we made served with chocolate and mango.
