ZERO DOLLARS

HELLO, I'M TOYSINBOX TIMES!

I am an Austin-originated kids newspaper sold at Toysinbox 3D Printing Store, Toysinbox.com and Toysinbox events at zero dollars. I absolutely adore toys, crafts, books, fun activities, and KIDS ENTREPRENEURSHIP!

My passion is broadcasting everything about Toysinbox and kids business adventures. Each month, I will report exciting news at Toysinbox, interesting things to do for kids, and enlightening kids business adventures. So be sure to read the fabulous articles in this issue.

THE TOY OF THE MONTH (8)

By J.Y.

Geomag

Geomag is a rod and ball magnetic construction toy. What makes Geomag special is that the rods have magnetic polarity. This toy is safe for kids 3+ years old as the balls are plain steel and will not cause any problems if swallowed. The rods are the part of the toy that is magnetic. However, the rods are too big to swallow. Geomag can be used to make many objects, even moving ones! Pendulums, Spinners, and Teathered Gyroscopes all can be made with Geomag and a little creativity. Geomag is located in Switzerland. Pic 1 and pic 2 show what I made.

3D Printing Hands-on at Thomas Crane Public Library

Thomas Crane Public Library invited Toysinbox 3D Printing to offer a 3D printing hands-on program on **June 17th**. This event is part of a new local initiative: Friday Night Art Walks. The library offers this event, free to the general public. Please contact the library for further information.

3D Printing Exploration at Lunenburg Public Library

Lunenburg Public Library invited Toysinbox 3D Printing to offer two 3D printing exploration programs to children and teens respectively. The event is scheduled on **June 27th** to align with the library's Make-it Monday theme. Please contact library for free registration.

Minecraft 3D Printing & 3D Modeling Workshop at Morse Institute Library

The teen department at Morse Institute Library invited Toysinbox 3D Printing to offer a Make-Your-Minecraft-Character 3D printing and 3D modeling workshop on **July 8th**. This teen summer event is free for the public. Please contact the library for registration.

3D Printing at WPI TouchTomorrow

Toysinbox will be in the TouchTomorrow festival of science, technology and robots on **June 11th** and will offer 3D printing related activities. Last year, TouchTomorrow at WPI attracted 10,000 visitors. Throughout the day there will be performances, demonstrations, and hands-on technology activities.

Thanks for Reading and See You Next Month!
