ZERO DOLLARS

## HELLO, I'M TOYSINBOX TIMES!

I am an Austin-originated newspaper sold at Toysinbox 3D Printing Store, Toysinbox.com and Toysinbox events at zero dollars. I absolutely adore toys, crafts, books, fun activities, and KIDS ENTREPRENEURSHIP!

My passion is broadcasting everything about Toysinbox and kids business adventures. Each month, I will report exciting news at Toysinbox, interesting things to do for kids, and enlightening kids business adventures. So be sure to read the fabulous articles in this issue.

### ANNOUNCEMENT

By TOYSINBOX PEOPLE

### TouchTomorrow at Worcester Polytechnic Institute

Toysinbox will be at STEM festival TouchTomorrow from 10am to 4pm on June 9th at Worcester Polytechnic Institute to offer fun 3D printing activities. We will have a fun giveaway going on there also. The winners for grand prizes (20 fun 3D prints in total) will be selected at random and announced at 1pm and 3pm. One entry per person. See you there!

### 3D Printing Programs in Libraries

Toysinbox 3D Printing was invited by the **Codman Square Branch of the Boston Public Library** to host a 3D printing exploration program on **June 20th, 2018**.

Toysinbox 3D Printing was invited by the **Morse Institute Library** to host a 3D modeling & 3D printing workshop on **July 27th, 2018**.

Toysinbox 3D Printing was invited by the **Concord Public Library** to host a "Make

Your Name Keychain" 3D modeling & 3D Printing workshop on **August 1st, 2018**.

The libraries offer these events free to the public. Please contact the individual libraries for registration.

### CHILDREN & TEENS 3D PRINTING

By TOYSINBOX PEOPLE

We could not believe Summer is coming. Our Spring 3D printing class in Pollard Middle School in Needham just ended. What a great journey! See the picture for the free 3D designs by our students. They finished the design in less than **50 minutes**.

### Get 3D Printing Activities Kit for Tweens & Teens Summer 2018

Our first 3D printing book kit was released on April 6th, 2018. It comes with a 3D printing service. Once your tween or teen finishes his or her 3D models following the step by step instructions in the book, he or she just emails us the 3D models. We will check their work, 3D print them and ship the

3D prints back via USPS. It is a great gift for anyone who **wants to learn 3D modeling for 3D printing but does not have a 3D printer or does not have the time to maintain a 3D printer**. Now look inside our new book. The projects are arranged from easy to more challenging. More and more middle schools start to include 3D modeling and 3D printing in their digital literacy class. Why not get your tween or teen this book kit to make them more prepared and also get rid of the **Summer Boredom**. Visit [http://www.toysinbox3dprinting.com/3d\\_printing\\_camps\\_students.html](http://www.toysinbox3dprinting.com/3d_printing_camps_students.html) for purchase information.

Thanks for Reading and See You Next Month!
