#### Holiday Season 3D Printing Show

Happy Autumn! Our holiday season 3D printing is on the horizon. As you prepare for the holiday season, we want to let you know that this year our event is different. It's going to be more exciting than ever! The audience will safely attend the 3D printing show from the comfort of their home - totally eliminating the hassle of finding a parking spot and the worries of expired parking meters.

We've run our holiday season 3D printing show for over five years now, and we are happy we can add unique fun to the holiday season in New England. For this year, we're doing more and making things ever more entertaining! This year, our shows revolve around different themes - for a total of five different shows. The audience can pick as many shows to his/her liking. The audience may even choose to attend all five as part of a 3D printing marathon.

We also offer swag for all of the audience. They are 3D printed in great quality, wrapped in a cute package, and each show has different swag to align with the different themes. It might be a miniature set of one of the exhibits or a fun DIY kit or a functional piece you can use in your daily life. Who doesn't like free gifts!

Each show is 45 minutes long. We start with a short presentation with live 3D printing before switching to short trivia with a prize drawing. Afterwards, we continue with our show-and-tell and then proceed to another round of short trivia with a prize drawing. Finally, we end with a Q & A and leave some time for the audience to give us their shipping addresses and color choice for their swag. The swag and prizes will be shipped to the audience in 1-2 business days after the show via USPS. The fun even continues after the show!

The early bird rate is \$15 per person, and the last day for this hot rate is Nov 7th. The standard rate is \$25 per person, and the last

day for this standard rate is Nov 23rd. After that, the rate on event days is \$35 per person. If you are interested, buy early and save! [Click here for more info and purchase.](#)

#### Gift Box with 3D Printing Spark

With the holidays approaching, most shopping will happen online. For this year, we suggest our customers to shop early to avoid the increased shipping network strain and worrying about the arrival of packages. We are happy to let you know that if you are looking to make the season feel special, we've got you covered. We are now releasing products that lift people's spirits and spark the holiday fun. The first in our product line is our succulent gift box. We designed the lovely floral packaging, and it includes a live mini-succulent in a 3D printed pot of our unique design - you can even customize the pot with your favorite color! It also includes a handmade lavender-scented candle and a mini bottle of matches. A personalized gift message card is there for your gift-giving convenience. The price is \$33.99 - free shipping included to 48 continental states. For Toysinbox members, we're offering a 5% discount. Email [info@toysinbox.com](mailto:info@toysinbox.com) for a PayPal invoice. Shipping will be made shortly after payment.

Thanks for Reading and See You Next Month!
